

Gardner Architects

Addendum #4

December 30, 2009

Renovations to:
7991 Columbus Pike
Lewis Center, Ohio 43035

ADDENDUM #4:

This Addendum, hereby modifies, supplements and amends the original Specifications and Drawings for all material, labor and equipment of every nature necessary for the execution of the entire work Renovations to: 7991 Columbus Pike, Lewis Center, Ohio 43035, as prepared by Gardner Architects, dated in the Title Block: 12.1.2009. Wherein this Addendum varies or is in conflict with the Specifications or Drawings, the requirements of this Addendum shall govern, in all other particulars the requirements of the original Specifications and Drawings, dated December 1, 2009, shall govern.

Specification Items

Item #1: SECTION 085313 VINYL WINDOWS

Add JELD-WEN Windows to the list of acceptable products under Paragraph 2.1, A.

This is an addition that was determined prior to the issuance of Addendum #2, but was inadvertently left out of that addendum and recently brought to our attention.

Drawing Items

Item #2: ALL PLUMBING SHEETS

There are multiple references to Alternates P-3A & P-3B on the plumbing drawings. This is misleading in that there is only one Alternate #3, as described in specification Section 012000 PRICE AND PAYMENT PROCEDURES. All references to Alternates 3A & 3B should be considered referencing the same Alternate #3. This alternate may be applied to either Base Bid "A" or Base Bid "B".

END OF ADDENDUM #4
