Stem Cell Therapies
for Cerebral Palsy

A Clinic with a Comprehensive
Neuro-Rehab Program treating
the whole person, striving to
find the underlying cause of
your disease, then addressing it
with safe, non-invasive, effective
therapies backed by scientific
and clinical proof.

Stem Cell Therapy that uses your
own bone marrow and instead of
isolating one type of stem cell, it
uses a rich variety of stem and
progenitor cells that hide deep
inside of your bones.

**The First Annual Cerebral Palsy Expo
2010 focuses on:**

- ♦ creating a one-stop-shop for families and healthcare providers to get resources;
- ♦ providing opportunities for family networking and support;
- ♦ spreading awareness of Cerebral Palsy;
- ♦ supporting medical research for Cerebral Palsy;
- ♦ including vendors with the newest treatment options, management, equipment, education, and activities for individuals with Cerebral Palsy.

Come experience the excitement as we bring together parents, caregivers, medical & dental professionals, therapists, and educators in the field of Cerebral Palsy research and care.

This is the first Cerebral Palsy Expo that is Parent Driven!

Our goal is to build a supportive foundation and present the full spectrum of resources available to help our amazing children reach their potential.

Presented By:

A Handful of Loving Parents who are inspired daily by their children who have Cerebral Palsy
