Developmental Disabilities

Technology First Conference

Connecting people with solutions. **11.17.21**

Curious about what technology can do for you or someone you know? Join us for the Technology First Conference on November 18th! Attendees will hear from keynote speaker, Runa Patel and a panel of people who use assistive technology in their daily lives! Visit dcbdd.org/techconference to register or for more information.

Keynote Speaker: Runa Patel

Runa Patel is currently working as an enterprise training associate at Microsoft. A 2020 graduate of York University in Psychology, she also has a diploma in Social Work. Throughout her career Runa has been actively contributing to make a difference in the lives of others. She is currently a board member of Access to Accessibility and a research assistant with Ontario College of Art and

Design (OCAD University) working on STEM-related accessibility and assistive technology projects. she also serves as a board member for employment and education committee with Alliance for Equality of Blind Canadians. She hosts the podcast "Equitable Education", and in her spare time enjoys coding, playing audio games and baseball, performing music, volunteering, and spending time with her guide dog, Valora.
